Professional Experience (Game Development)

Wall of Text Games, Tabletop Writer and Game Designer, Sept. 2022 – present

- Designed, wrote, and typeset *Murder Mansion*, a tabletop roleplaying game released in October 2024 on drivethrurpg.com
- Designed and wrote *The Siege of the Drowned Fortress*, a 5th edition *Dungeons and Dragons* adventure released in April 2025 on drivethrurpg.com

Witch (Heartstrings Studios), Level Designer, July 2018 – Sept. 2022

- **Level Design** – Determined overall level scale and metrics for levels. Designed, planned, and blocked out levels in Unreal Engine
- **Blueprint Scripting** – Prototyped gameplay camera solutions to achieve an “HD-2D” visual style
- **Environment Modeling and Worldbuilding** – Modeled, textured, and placed low-poly game models. Lighting, post-processing, materials, and particle effects

QA Tester, KingsIsle Entertainment, June 2019 – Jan. 2020

- Testing and bug reporting for PC MMORPGs and mobile games

Kingsmen (Stealth Mode Games), Level Designer June 2015 – Feb. 2017

- Planned, documented, and built single-player levels in Unreal Engine 4.
- Scripted gameplay elements, including mission objectives and AI decision trees

Euclidean (AAD Productions), Level Designer, May 2015 – July 2015

- Created level blockouts in Unity
- Created 2D level maps and level documentation
- Collaborated with artists, programmers, and writers to determine level progression, visuals, and recurring themes across the game's campaign

Professional Experience (Writing)

Technical Writer, GE Healthcare Aug. 2017 – July 2018

Technical Writer, Tyler Technologies July 2008 – Aug. 2013
